Mini PCs, monitors, UPS units, RAM/SSD upgrades, and USB hubs.

2. Dedicated POS Specialists (Colombo & Online Delivery)

• *BarcodeSL / PrintPOS (barcode.lk), POSMarket.lk, MSK Computers, DB Automation*

•

Best For:

Xprinter thermal printers, 50×30mm sticker rolls, and Maken cash drawers.

3. Authorized Brand Distributors

4. Kandy Local Suppliers (For Mega Shoes)

• *Metropolitan Technologies (Vauxhall St, Colombo 02)*: Official Epson receipt printers & Zebra scanners.
• *E-Guardian / Debug Computers*: Brand-new commercial touch terminals & warranties.

• *Kandy City Centre (KCC) IT outlets, Peradeniya Road computer dealers*
•

Best For:

Emergency paper roll restocking, UPS battery replacements, and local counter servicing.

6. TECHNICAL COMPATIBILITY & BEST PRACTICES

1. **Cash Drawer Connection:** The cash drawer does *not* connect to the computer's USB port. It plugs directly into the **RJ11 port (marked "DK")** on the back of the 80mm receipt printer. When a cash invoice completes, the printer sends a 24V electrical pulse to pop the drawer open automatically.
2. **Label Printer Auto-Calibration:** When loading 50×30mm sticker rolls into the Xprinter XP-365B, hold the feed button until it beeps twice. The printer automatically calibrates the 2mm gap between stickers. Set Windows paper size to `50mm Width × 30mm Height, 0mm Margin`.
3. **Zero Additional Cost for Mobile Stock Counting:** Staff and managers do *not* need to purchase expensive wireless handheld terminals for stocktaking or inter-branch transfers. The system features a built-in camera barcode scanner that runs directly on any Android or iPhone smartphone via Google Chrome or Safari.
4. **Redundant Internet:** Set up a secondary 4G Wi-Fi SIM router (Dialog / SLT-Mobitel) at both counters so billing never stops if the primary fiber connection drops.
